HIGHLIGHTS, PLANS, ASSUMPTIONS AND RISKS SUMMARY- 2024/2025 BUDGET REPORT

The following were presented to the Board and approved as underlying the budget. These key points and assumptions used in development of the budget take into consideration the economic environment of the jurisdiction, focus on anticipated changes from current year, and are realistic and consistent with the three year Education Plan. At a minimum, they disclose key budget assumptions, financial & business risks, and specific strategies explaining how this budget will support the jurisdiction's plans.

Budget Highlights, Plans & Assumptions:

1. Assumption that Alberta Education will approve The East Central Alberta Catholic Separate School Division's request for an exemption to the maximum operating reserve.
2. The East Central Alberta Catholic Separate School Division is submitting another budget deficit. A deficit budget is not sustainable but it will draw down operational reserves to be within the Alberta Education target range (between 1 and 6% of total Expenses in the 2023-24 Audited Financial Statements).
3. Over two years, the Extended Health, Dental and Vision premiums increased by \$1,410.60 for each employee on the family plan and \$ 567.12 annually for those with single coverage. In March 2024, 75.82% of teachers were on the family ASEBP plan and 79.12 % of support staff had family coverage. Extended Health, Dental and Vision will cost at least \$265,000 more in 24-25 than in the 22-23 school year.
4. The average teacher cost, excluding ATRF and principal allowances, is \$107,553. This is the first year that East Central Alberta Catholic Separate School Division used average teacher salary in the budget process.
5. Alberta Education grants budgeted at a 2.44% increase due to projected enrolment increases, tdue to Transportation Grant increase (additional children are eligible for the transportation grant) and due to Deferred Revenues for the Mental Health Pilot grant.
6. Alberta Children Service's Affordability grant budget increase - expect more children eligible for the affordability grant to enrol in eligible preschool programs.
7. Investment income budgeted in 24-25 lower than in 23-24. As operational reserves are drawn down, bank balances decrease and investment income decreases.
8. Fundraising and short-term facility rentals have increased in 23-24, and expected to continue increased.
9. In 23-24, donation Allocation of Capital Amortization revenue was included in other facility revenue streams. In 24-25, the Allocation of Capital Amortization revenue is recorded as a donation revenue.

Risks

1. Projected enrolment is higher than actual enrolment on September 30, 2024 resulting in decreased revenue.
2. The number of children with complex needs continues to increase which impacts the supports required.
3. Bus drivers retire or quit to drive for organizations that provide higher pay. Replacement may be a challenge.
4. Teacher Agreements expire on August 31, 2024. Impact of settlements is unknown.
5. CUPE Collective Agreement expires on August 31, 2024. Impact of settlement is unknown.
6. Continued escalating costs of utilities, employee benefits, goods and other services.

DETAILS OF RESERVES AND
MAXIMUM OPERATING RESERVE LIMIT EXEMPTION CRITERIA
for the Year Ending August 31, 2024

This template is designed to provide information about your school jurisdiction's reserves and to assist you in determining if you need to submit a letter requesting an exemption to exceed the maximum limit of Operating Reserves to the Minister. It has been split in to two parts, exemptions (Row 20 - 45) and transfers between operating and capital reserves (Row 46 - 61).

As per the 2023/24 Funding Manual, a formal request for an exemption to exceed the 2023/24 maximum operating reserve must be approved by the board and submitted to the Minister. If a reserve request to exceed the limit is required, please submit your formal letter by November 30, 2024. This tab should be attached as a supplement to your formal request. School jurisdictions who are projecting their 2023/24 operating reserves to be over their 2023/24 maximum limit, which is based on the school jurisdiction's 2023/24 system administration percentage (3.2% to 5%), must complete Section A. These school jurisdictions will only require an exemption for the 2023/24 school year and not in the 2024/25 school year, assuming the balance is still below 6% in 2024/25. School jurisdictions projecting 2023/24 operating reserves to be over their maximum limit for 2023/24 AND the new 2024/25 limit of 6% of total expenses must complete both Section A and B, as they will need to demonstrate when operating reserves will be drawn down below 6% over the subsequent school years. School jurisdictions who are projecting to be below their maximum limit in 2023/24 are not required to complete Section A or B.

If your school jurisdiction is projecting to transfer between operating and capital reserves for the 2023/24 and/or 2024/25 school year, please complete the section under Row 46. The transfer amounts reported should agree with the 'AOS' tab. Please note that a letter requesting Ministerial approval is required to transfer from Capital to Operating Reserves.

PART 1: EXEMPTIONS

		Amount	
Estimated Accumulated Surplus/(Deficit) from Operations as at Aug. 31, 2024		\$ 3,597,849	
Less: School Generated Funds in Operating Reserves (from 2022/23 AFS)		\$ 447,942	Complete section B below.
Estimated 2023/24 Operating Reserves	12.05%	\$ 3,149,907	
Maximum 2023/24 Operating Reserve Limit	5.00%	\$ 1,306,988	
Estimated 2023/24 Operating Reserves Over Maximum Limit		\$ 1,842,919	Complete section A below.

SECTION A: (MAX LIMIT EXEMPTION CRITERIA)

Please provide detailed rationale and planned usage for operating reserves in excess of the 2023/24 maximum: \$ 1,842,919

Please note that this does not constitute as a Ministerial request for approval. An exemption request letter submitted to the Minister is still required for an exemption for the 2023/24 school year.

The 2023-2024 deficit is projected to be between \$1,300,000 and \$ 1,500,000. Will request an exemption for the 2023-2024 operating reserve cap. The exemption will provide additional time to reduce operating expenditures.

SECTION B: (MAX LIMIT EXEMPTION CRITERIA)

If estimated 2023/24 operating reserves are greater than 6.0%, provide a detailed drawdown plan to illustrate how and when the reserve balance will be below 6.0%. However, if your 2023/24 operating reserve balance is 6.0% or greater, but you anticipate that the 2024/25 balance will be less than 6.0% or you do not plan to request an exemption, you are not required to complete Section B. Please indicate this in the response under Section A.

Please report the projected amounts and detailed rationale for transfers between operating reserves and capital reserves for the 2023/24 and 2024/25 school year. The net transfer between operating and capital reserves should agree the amounts reported in the 'AOS' tab. (Note: Ministerial approval is required to transfer from Capital to Operating Reserves):
